GROHE NOW ENTERS
THE WORLD OF CERAMICS
**CREATING PERFECTLY
COORDINATED BATHROOMS**

“We believe that a complete bathroom solution is the key to customer satisfaction.”

MICHAEL RAUTERKUS, GROHE AG CEO

GROHE CERAMICS: MADE TO MATCH IN FORM AND FUNCTION

Finding a perfect match isn't easy. That's also true for the bathroom. Because our ceramics come with a selection of recommended combinations that fit our faucets, showers and sanitary systems they complement one other in both design and technology: the overwhelming variety of options is distilled into one simple choice. Save yourself the trial and error and make only one easy choice: for a perfect match.

OUR ASPIRATION IS PERFECTION IN EVERY DETAIL **THAT'S WHY WE CREATED PERFECT MATCHES**

With GROHE Ceramics there is no need to rely on guesswork. Our dedicated design team looked at each individual product to determine which faucet and basin shapes look best together, guaranteeing you a seamless, complete design aesthetic. In addition, we physically tested our products against three criteria to make sure every suggested combination offers you a perfect match:

- Easy installation
- No splashing during handwashing
- Plenty of space for optimum comfort

“We wanted to establish a natural relationship between two objects.”

MICHAEL SEUM, GROHE VICE PRESIDENT DESIGN

**WE ARE CONVINCED THAT
TWO ELEMENTS CAN
ACHIEVE PERFECT BALANCE**
LET OUR IDEAL COMBINATIONS
SURROUND YOU WITH SERENITY

“Only a perfect match can give
design the presence it deserves.”

MICHAEL SEUM, GROHE VICE PRESIDENT DESIGN

AS PART OF THE STRONG LIXIL GROUP THIS VISION COMES TRUE **BY COMBINING OUR KNOWLEDGE IN DESIGN AND TECHNOLOGY**

Together we're stronger. We combined our GROHE expertise as a world leader in sanitary fittings with the unique technology and insights from LIXIL's other Water Technology brands.

Over fifteen ceramic manufactories belong to the LIXIL group, making it one of the biggest suppliers of sanitary ceramics in the world. This now allows GROHE to offer a complete bathroom solution, featuring innovative products like shower toilets and SmartControl showers, alongside revolutionary technologies such as AquaCeramic. Beautiful, functional and reliable, LIXIL's products and solutions are changing the way people live, all over the world.

"Our affiliation to one of the leading manufacturers of sanitary ceramics worldwide makes us very proud."

MICHAEL RAUTERKUS, GROHE AG CEO

PART OF **LIXIL**

FIVE COMPELLING TECHNOLOGIES

You may not see it at first sight – but our ceramics are equipped with the most advanced technology. At GROHE it is our aspiration to make your time in the bathroom as comfortable as possible without any restrictions. Discover our innovative GROHE technologies.

OUR KEY TECHNOLOGIES

 **TRIPLE VORTEX FLUSH**
THE POWER OF THREE: CLEAN AND SILENT

 **AQUACERAMIC**
DOUBLE THE PROTECTION FROM IMPURITIES

 **PROGUARD**
TOO SMOOTH FOR DIRT TO STICK TO

 **HYPERCLEAN**
NO CHANCE FOR BACTERIA TO GROW

 **RIMLESS TECHNOLOGY**
LEAVES BACTERIA NOWHERE TO HIDE

TRIPLE VORTEX

THE POWER OF THREE: CLEAN AND SILENT

Unlike other toilets, GROHE's innovative Triple Vortex flush system creates a powerful but silent vortex of water that swirls to cover and clean the whole of the bowl. Despite its power, this effective system is unlikely to splash and has low water consumption, with a dual flush option that uses just 5l of water and only 3l for a short flush. Instead of one or two water outlets, the Triple Vortex system flushes from three outlets to create a powerful suction that leaves nothing behind.

- So powerful, it leaves nothing behind
- Available for all toilets of Euro Ceramic and Cube Ceramic

TRIPLE VORTEX

RIMLESS TECHNOLOGY LEAVES BACTERIA NOWHERE TO HIDE

With GROHE rimless technology, every surface of your toilet is easy to reach and effortless to keep clean, even in places you can't see. It makes bacteria hiding in corners and crevices under the rim a thing of the past. GROHE rimless technology leaves bacteria nowhere to hide.

- The technology for fast and easy cleaning
- Available for all toilets of all three lines

RIMLESS TECHNOLOGY

UNIQUE COMBINATION FOR EURO CERAMIC AND CUBE CERAMIC

PROGUARD – TOO SMOOTH FOR DIRT TO STICK TO

GROHE ProGuard creates a smooth surface that scale and dirt can't stick to. It uses a layer that creates a floating 'lotus' effect to prevent limescale and attracting further dirt and grime.

With this innovative surface treatment, you benefit from effortless cleaning and a maintaining sparkling, fresh from-the-box finish.

- Keeps your ceramics clean and sparkling white

HYPERCLEAN – NO CHANCE FOR BACTERIA TO GROW

Take confidence that your bathroom is hygienic and clean with GROHE HyperClean, which uses naturally anti-bacterial silver ions to inhibit germs and prevent stains and odour. During the glazing process this exceptionally smooth and hardwearing finish is added which prevents 99.9% of bacteria growth,

meaning your ceramics stay sparklingly clean and germ-free with the minimum of effort. Take peace of mind from this feature, certified by the Society of industrial technology for antimicrobial articles, guaranteed to make your bathroom a safer, cleaner and germ free place for you and your family.

- Its anti-bacterial silver ions prevent 99,9% of bacteria growth

surface with HyperClean

PREMIUM COMBINATION FOR CUBE CERAMIC WC RANGE

AQUACERAMIC – DOUBLE THE PROTECTION FROM IMPURITIES

It creates a smooth surface that impurities can't stick to, meaning the bowl becomes clean after only one flush. This innovative surface treatment works in two ways: first, it uses a smooth, hydrophilic layer to prevent residues sticking to the bowl. And second: its nano-technology prevents limescale latching onto the surface and attracting dirt and grime.

After just one flush, there's no dirt left in the bowl.

The AquaCeramic surface is coated before firing, ensuring that the ceramic surface stays clean for a lifetime. Even scrubbing won't wear it off. Making cleaning effortless and maintaining the sparkling, fresh-from-the-box finish.

— With smooth surface that impurities can't stick to

HYPERCLEAN – NO CHANCE FOR BACTERIA TO GROW

Take confidence that your bathroom is hygienic and clean with GROHE HyperClean, which uses naturally anti-bacterial silver ions to inhibit germs and prevent stains and odour. During the glazing process this exceptionally smooth and hardwearing finish is added which prevents 99.9% of bacteria growth,

meaning your ceramics stay sparklingly clean and germ-free with the minimum of effort. Take peace of mind from this feature, certified by the Society of industrial technology for antimicrobial articles, guaranteed to make your bathroom a safer, cleaner and germ free place for you and your family.

PURE FREUDE AN WASSER

Life-giving, universal, joyful – water itself is the source of inspiration for the whole of our distinctive product portfolio. Each of these products is always based on our four core values: Quality, Technology,

Design and Sustainability. Balancing these in everything we do, allows us to deliver unrivalled water enjoyment to our customers.

QUALITY

GERMAN PERFECTIONISM INSPIRES ULTIMATE CUSTOMER CONFIDENCE.

We strive for an excellence that goes way beyond the surface of our products. In fact, from design to production and customer service we aim for nothing less than perfection at every stage. Our history of great German engineering, rigorous internal tests and numerous external certification processes are what gives our customers complete confidence in a name they can trust.

TECHNOLOGY

MASTERING WATER THROUGH TECHNOLOGY.

In our relentless search for technological innovation we work to integrate the latest digital advances, creating smart solutions that enhance our customers' enjoyment of water. Our in-house experts harness the power of water to enhance the experience of our customers every day – the moment of truth, for our products and brand.

DESIGN

SIGNATURE ELEMENTS STYLED TO PERFECTION.

An empathetic and intuitive design language offers us the opportunity to create products that feel as if they were designed just for you. This unique GROHE DNA that is both ergonomic and visually distinctive has earned us numerous design awards: world class references are testimony to our world-wide recognition.

SUSTAINABILITY

ENSURING WATER ENJOYMENT FOR GENERATIONS TO COME.

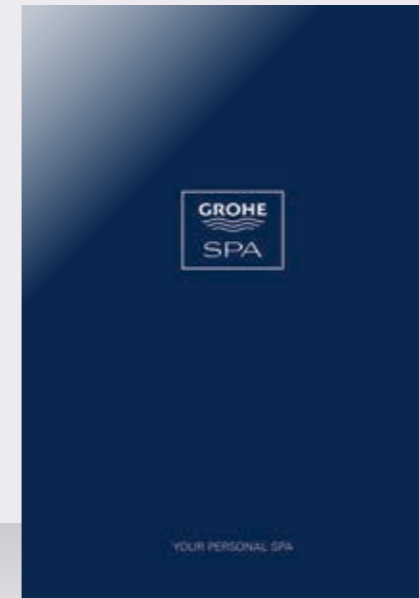

Water is as essential as the air that we breathe, one more reason why we are so passionate about it. To be able to offer "Pure Freude an Wasser", not just to today's consumer but for generations to come, we offer sustainable product solutions like GROHE Blue, GROHE EcoJoy and GROHE SilkMove ES, and we demonstrate through our Sustainability Report and Sustainability accolades that we have made a serious corporate commitment to protecting the planet.
