# SPOTLESS HYGIENE

Close the bathroom door and what sort of experience do you expect? Comfort, convenience, no mess, no fuss and no worries about hygiene? At GROHE we agree. That's why the GROHE Manual Bidet Seat has been developed. It offers a whole new standard of gentle personal cleaning, that gives complete peace of mind.

Designed to fit your existing WC, the GROHE Manual Bidet Seat offers targeted personal cleansing via two separate spray heads. There is no danger of splashing or overshooting the bowl, and no water on the floor to clean up afterwards. The spray can be adjusted for your own comfort, and hygiene is assured thanks to a cleaning function.

The GROHE Manual Bidet Seat transforms your bathroom into a hygienic, convenient personal cleansing zone, where you can be gently cleaned in a relaxing, tailored experience that you control. Just take a seat and let the GROHE Manual Bidet Seat transport you to a cleaner, more comfortable place. It's that simple.

## DESIGNED WITH YOUR COMFORT IN MIND

The GROHE Manual Bidet Seat transforms a simple toilet into a comfortable, hygienic place where personal care and cleaning are second nature. Attached to a WC ceramic, the seat doesn't require electricity – instead, the spray is operated by a side lever powered only by water pressure, putting the control at your fingertips for an effective but gentle cleaning experience. No mess, no splashes and no stress. Made from hardwearing Duroplast, the seat itself creates an elegant visual addition to the bathroom.

## PERFECTLY HYGIENIC WITH TWIN SHOWER

### REAR SPRAY

Thorough yet gentle, the targeted rear spray promises precise personal cleaning. You can adjust the strength of the spray for more gentle cleansing.

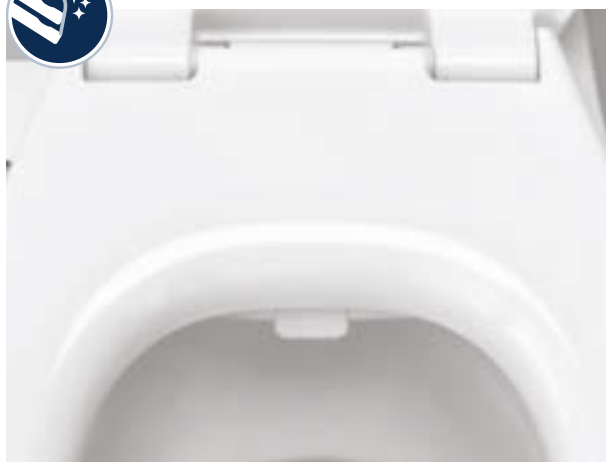

### LADY SHOWER

The refreshing lady shower uses a completely separate spray arm for complete hygiene. The softer, wider spray pattern is more gentle, ideal for intimate feminine areas, and the spray strength can be adjusted for complete comfort.

### SOFT CLOSE SEAT

Both seat and lid have a quiet SoftClose mechanism meaning no danger of trapped fingers or of damaging the material.

### NOZZLE GUARD

The two spray arms are protected with a nozzle shutter for extra hygiene.

### CLEANING FUNCTION FOR SPRAY ARMS

Have confidence that the two spray arms remain germ-free, thanks to the cleaning function. Made from anti-bacterial material, the spray heads can be cleaned before and after every use controlled by the seat control lever.
